## ***May Q&A discussion and Open Hive Demo!***

**Saturday May 3rd, starting 11:00am**

**Raindate: 5/4/25**

**Spring is upon us, and it's time to make sure we're ready for the season ahead. If you're a beginner, you may have installed your first bees recently! Let's hear about your experience so far and our expectations for this year**

- **Q&A and discussion starting at 11am.** Bring all your questions! This will just be an open format chat about how the season is going, any observations, and any questions you've come up with along the way
- **Live demo at 12pm.** We will inspect a hive or two at the UD Apiary Teaching Yard. Come check out our setup, learn to ID features inside the hive, and pick up tips from everyone in attendance

**\*This is a B.Y.O.V. (Bring Your Own Veil) event!**

*Veils required to attend the hive demo*
