

# Energize Delaware Farm Program

*Helping Delaware Farms Reduce Energy Costs and More!*

Equipment eligible for incentives may include, but is not limited to:

- **Sprinklers, nozzles and regulators**
- **Advanced irrigation controls**
- **Advanced Remote sensing technologies**
- **Motors and motor controls**
- **Hi-to-low pressure pump conversion**
- **Fuel switching—diesel to electric**
- **Line Extension from pole to pump**

## Looking to improve water distribution uniformity?

### **Energize Delaware Farm Program now offers the Sustainable Water Energy Efficiency Program (SWEEP).**

The program is designed to improve water and/or energy efficiency for Delaware farms.

SWEEP provides access to technical assistance, cash incentives, and low-interest loans for qualifying water and or energy efficiency projects.

#### **SWEEP Offers**

- 75% cash incentives and 2% fixed rate, cash flow neutral loan for qualified water or energy-efficiency projects
- On-site comprehensive irrigation system pre-and post-evaluations through the University of Delaware Cooperative Extension
- Additional assistance provided to Disadvantaged Farm Enterprises
- Qualified custom projects
- Incentives are over and above any NRCS EQIP funding

#### **How you Benefit**

- Lower operating costs with irrigation and energy efficiency improvements
- Increase profitability through reduced maintenance time and lower diesel fuel costs
- Improved water distribution uniformity

**Call Energize Delaware at (800) 732-1399 to get started!**

*The program is offered on a first-come, first-served basis.*
