

# Energize Delaware Farm Program

Helping Delaware Farms Reduce Energy Costs and More!

Equipment eligible for incentives may include, but is not limited to:

- Tunnel doors
- Energy efficient lighting
- Energy efficient HVAC
- Motors and motor controls
- Variable frequency drives
- Poultry house insulation
- Irrigation pump replacement
- Sprinklers, nozzles and regulators
- Fuel switching

Our Farm Program is here to help Delaware Farms including, but not limited to, poultry and eggs, greenhouses, dairies, other livestock, vegetables, and orchards.

The program provides access to technical assistance, cash incentives, and low-interest loans for qualifying energy efficiency and renewable energy projects.

## Energize Delaware Farm Program Offers:

### Cash Flow Neutral

**Energy Efficiency Projects - 2% Fixed-Rate Loans**

**Renewable Projects - 3% Fixed-Rate Loans**

- 40% - 50% cash incentives to pay for qualified projects
- Low-cost or no-cost energy audits and technical assessments
- No-cost renewable energy assessments
- Assistance provided to Disadvantaged Farm Enterprises
- Can include qualifying custom and new construction projects
- Incentives can be combined with NRCS EQIP funding

## How you Benefit

- Boost production with process improvements and energy efficient equipment
- Increase profitability through long-term, reduced energy costs
- Improve security, worker safety, and comfort across your facilities
- Reduce maintenance time and costs and extend the life span of your equipment

Call Energize Delaware at **(800) 732-1399** to get started!

*The program is offered on a first-come, first-served basis.*
