

Institute *for* Public Health

We harness the strengths of Washington University to address the complex health issues and health disparities facing the St. Louis region and the world.

CONNECTOR

We improve, amplify and support public health efforts in St. Louis and around the world.

CONVENER

We bring together diverse disciplines to share knowledge, form partnerships, and turn ideas into action.

CATALYST

We inspire innovative solutions to today's most pressing public health challenges through targeted events, seed funding, and other opportunities.

Initiatives & Programs

GUN VIOLENCE INITIATIVE
Our Gun Violence Initiative addresses the burgeoning public health issue of death and injury as a result of gun violence.

LIFE OUTSIDE OF VIOLENCE (LOV)
LOV, the St. Louis area Hospital-Based Violence Intervention Program, connects those harmed by stabbing, gunshot or assault to the treatment, support and resources they need to find alternatives to end the cycle of violence.

SUMMER RESEARCH PROGRAM
Our Summer Research Program is a competitive opportunity, students from across the country work closely with WashU faculty mentors on public health, global health and aging research projects
