

The goal of The SPOT is to reduce barriers and provide a comprehensive range of medical and behavioral health services to St. Louis youth. All services at The SPOT are free of charge.

Since 2008, The SPOT has served over 20,000 youth.

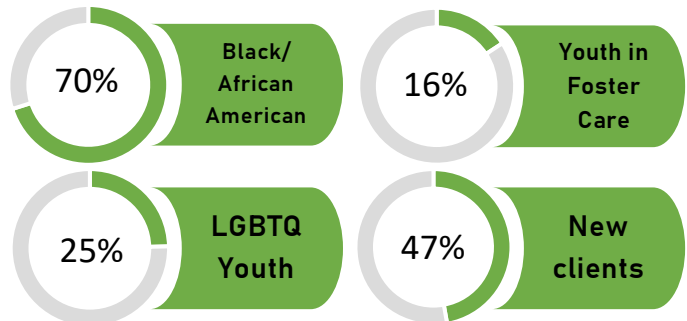

What we do

The SPOT's free, confidential services include:

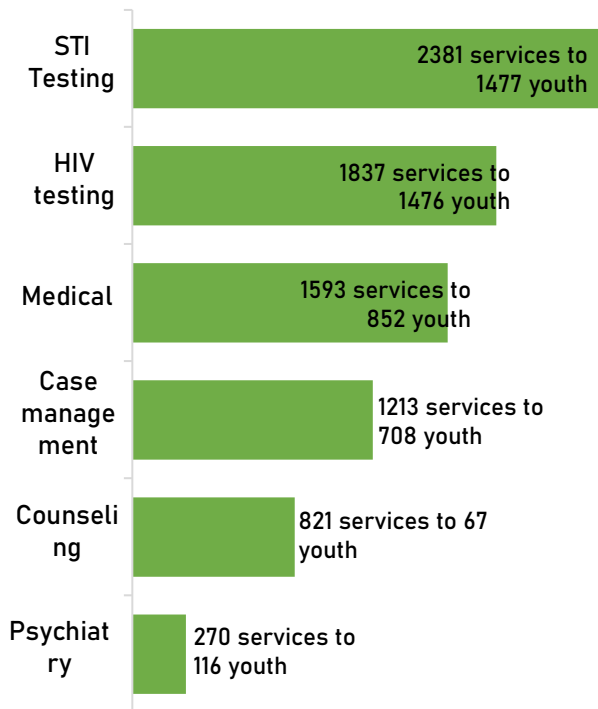

- Medical & reproductive health care
- Primary care for youth in foster care
- Adolescent HIV and PrEP clinics
- HIV & STI screening and treatment
- Case management & resource referrals
- Counseling & psychiatry
- Behavioral health needs screening

Who we serve

In 2023, The SPOT served 1,970 youth ages 13-24, including:

2023 services at a glance

Sexual Health

- 6 HIV+ youth identified, all successfully linked to care
- 279 youth received a pregnancy test (6% positive)
- 289 youth received contraception
- 30 active PrEP clients supported

STI testing	Total tests	% positive	% treated
Chlamydia	1990	17%	90%
Gonorrhea	1992	8%	94%
Syphilis	1199	1.5%	89%

Behavioral Health

Youth screened positive for...

32% anxiety, 31% substance use, 28% trauma, 14% depression, 11% suicide

Top case management needs: emergency shelter and housing, rent or utility assistance, employment, food, child-care, clothing, medical care or insurance.
