### **Workshops and Conferences**

Join Drs. Julia E. Moore and Sobia Khan for this special event on: March 10, 2022, 11 AM - 12 PM EST, presented by the Center for Implementation. The *Change Journeys: Exploring the Implementation, Spread, and Scale Pathway* will explore: 1) The components of the Implementation, Spread, and Scale Pathway (which we've never publicly presented in detail before!) to help you identify where you are in your work, and 2) Guidance for navigating the #1 implementation problem we encounter: a lack of role clarity in the implementation system, and 3) Equity considerations when assessing readiness, and lastly 4) The importance of planning for sustainability (and tools you can use to help you plan).

We cover related topics in Implementation, Spread, and Scale, one of our signature online courses. Open for enrollment until March 29. [Please register here!](#)
