Section 1: Washington University sIRB Review Process

1.1: Reliance Agreements
Relying Institutions will also be asked to sign a Reliance Agreement or an addendum to an existing Master Reliance agreement on a study by study basis. This will be done via email directly with the appropriate contact at the Relying Institution.

1.2: myIRB Technical Information
The myIRB system works best when using the latest version of Mozilla Firefox or Google Chrome. Internet Explorer and Safari are not recommended.
Section 2: Getting Started in myIRB

2.1 Request a HRPO ID

If you have previously obtained a HPRO ID to access myIRB, this step can be skipped.

1. Go to https://myirb.wusm.wustl.edu. You may want to bookmark this page for future use.

2. Click the gray Request a HRPO ID button.

3. Select the Principal Investigator or Research Team role depending on your role in the study and provide the requested information.
4. You will need to create a Login ID. This will be your HRPO ID.

5. When myIRB Registration is complete, click Submit Request.

6. Within minutes of submitting the form, you should receive a verification email from myIRB@wusm.wustl.edu with instructions and a link that you will need to click before your request can proceed.

   This email not a monitored account. Do not reply to the email. Please add myIRB@wusm.wustl.edu to your "accepted" email addresses to ensure you can receive emails from myIRB or they may end up in your spam/junk folder. Check your spam/junk mail if the email from myIRB does not arrive within minutes.

7. After verifying your myIRB Registration via email, WU HRPO will be notified of the pending request and will process and approve your HRPO ID request. This usually happens within 1 business day.

8. When the request is approved, you’ll receive an email from myIRB@wusm.wustl.edu stating that you need to login and update your profile.

9. Go back to https://myirb.wusm.wustl.edu

10. Click on HRPO ID LOGIN
11. The first time you login, review your profile for correctness and click the **Save and Continue** button. Once this is complete, your myIRB **HRPO ID** registration process is complete.

2.2: Logging in to myIRB

1. Go to [https://myirb.wusm.wustl.edu](https://myirb.wusm.wustl.edu)

2. Click on **HRPO ID Login**
3. If you have forgotten your password, you can request to change it using the “Forgot HRPO ID password?” link. You will have to provide your Login ID (HRPO ID) and email address for the password reset. After you click continue, you will receive an email from myIRB@wusm.wustl.edu with further instructions on how to reset your password.

2.3: Delegates to the PI

1. If you are a PI and would like to have a study team member complete the myIRB application on your behalf, you will need to name them as your delegate in myIRB.

Those that need to access approved materials such as the consent form should be made delegates. The WU IRB does not review or approve the addition of study team members outside of Washington University.

NOTE: This person must have a HRPO ID to appear in the list. If they do not have a HRPO ID, please refer them to 2.1: Request a HRPO ID.

1) Login using your myIRB HRPO ID and password that you created in Section 2.1.
2) Click on the Personalize on the red menu bar at the top of the page.
3) Click on the gray button that says Update my delegates.
4) Start typing the last name of the person you would like to act as your delegate in the box. When their name appears, select it.
5) Click the Add Delegate button.
2. If you are a study team member acting as a delegate for a PI to submit an application or address questions you must first log in as the PI.

1) Click on the **delegate login** link.

2) Click the **login as [PI Name]** link
Section 3: Submitting a Site Application

3.1: Site Applications

1. All sites need to submit a sIRB New Site application in myIRB to obtain WU sIRB approval to conduct the research at their site.

2. Local sites will be provided a template consent (if applicable) and Local Context Questionnaire (LCQ). Local sites should provide these documents to the local IRB per local IRB policies and work with the IRB to obtain the necessary site specific information for the consent and LCQ.

3. Once the LCQ is completed and signed and the consent form is ready, they should be attached in myIRB in the Reliance Documents category of the myIRB application. The WU IRB cannot move forward with review of your site without ALL documents completed.

4. Local sites do NOT need to add all research team members in myIRB. Team members are tracked at local sites only. Local processes should be followed to ensure
the study team is appropriately trained and qualified. Those that need to access approved materials such as the consent form should be made delegates (See Section 2.3 Delegates to a PI).

3.2: Submitting the Site Application

1. To submit a Site Application, log in to myIRB and select **Create Project** then choose **sIRB New Site**.

   ![sIRB New Site](image1)

2. You will be prompted to confirm your site PI name and Institution. You will be asked for the IRB ID #.
3. You will then enter the electronic form. To work through the form, start by clicking on the blue **Demographics** link.
4. You can begin answering questions about the project at your site. The form has smart technology so questions will populate or be suppressed based on the responses to other questions. Use the navigation buttons at the top and bottom of the page to go Back/Save, Index/Save, Save and Remain, or Continue/Save.

1) Some questions will populate tables. Complete all the information in the table and then hit the blue Save link on the right hand side.

2) Some questions will prompt a place to upload attachments. Click on the Upload File link follow the instructions on the pop up to attach your document(s).
5. If you start a submission and need to log out and come back to it later you can find your draft by logging in to myIRB (or logging in as the PI’s delegate, when applicable). Then click on the myProject tab and then the Drafts tab.

6. When the application is complete, you will be taken to the Final Submission Review page. You will be prompted to complete questions and add missing attachments before the form can be submitted. You will see the name and title of the person who will receive the form for Electronic Signatures for the Assurance Document. When ready, click the Route form for signatures button. Once you have selected the Route form for signatures button, the form cannot be edited. The PI will receive an email from
myIRB@wusm.wustl.edu requesting an electronic signature. The PI can also log in to myIRB and complete this request.

7. The PI can either click on the link in this email and enter in his or her HRPO ID and password OR can log in to myIRB using his or her HRPO ID and password and click on the file folder icon under the header To Do. The PI will be prompted to enter their HRPO ID and password as a signature.

8. If you are the PI then you will be presented with assurance statements and asked to electronically sign. You will be asked to log in using your HRPO ID credentials again to complete this process.
9. After the form has been signed by the PI, it will be routed to the WU HRPO office for review.

3.3: Reviewing Approved Protocol Documents

1. If you need to review the approved protocol level materials, go to the Project Summary page by entering in the IRB ID # in the search box and hit Go or click on the IRB ID # from your Inbox. Once on the Project Summary page, click on the Protocol to access documents.
2. Click on the little carrots to the left of the dates to open a listing of approved documents associated with that submission.

3.5: Site Consent Forms

1. As a part of the review of the overall project, the WU IRB reviews and approves a project-level template consent form that contains marked, limited sections for the inclusion of site-specific information.

2. The project-level template consent form is available in myIRB once the site starts drafting their application. The template consent will be provided to the local site PI through email from the WU HRPO office as part of the initial instructions for how to submit in myIRB. It can also be retrieved from myIRB on the Protocol tab.

3. Sites should provide the template consent to their local IRB for review of site-specific areas. Any changes to the consent form (including changes to highlighted areas), must be completed using the tracked changes feature.

4. If there are specific areas in the consent form outside of the marked, limited sections that will need to be changed for your site, make these changes to the draft consent form during your review using tracked changes in Word and it will be reviewed by the WU IRB to determine if the changes can be accepted.
3.6: Answering Questions from the WU sIRB

1. If the WU sIRB has questions about your application, you will be contacted through the myIRB system. The PI and their delegates will receive an email from myIRB@wusm.wustl.edu notifying them that there are contingencies to address.

If you are the delegate, remember to log in as the PI by using the delegate log in link in the upper right hand corner to see the questions (see Section 2.3).

2. To answer the questions, login using the link in the myIRB email. You will be taken to an area known as the Inbox. In order to see the question that needs to be addressed, click on the To Do file folder icon.

3. You will be directed to the Workflow page that will show you what questions or requested changes are being asked of the PI. Click the blue this link link to go to the place in the application to address the question or requested changes.
Make the changes to the application and click **Index/Save**. Navigate back to the **Workflow** page with the questions or requested changes using the file folder icon in the upper right hand corner of the page under the red menu bar.

From the Workflow page, click on the correct radio button(s). Once you are ready to send the form back to WU sIRB, click the **Return form and my answers** button.

4. The PI and their delegates will receive a notification email from [myIRB@wusm.wustl.edu](mailto:myIRB@wusm.wustl.edu) when the project application has been approved by the WU IRB.
3.7: Reviewing Site Approved Materials

1. To review information submitted by and approved for your site, click on myProjects from the myInbox page. Then click on the All Projects tab. You can access study information by clicking the IRB ID #.

2. Currently approved attachments, including your site’s consent form, may be located from the Attachments tab. Approval memos for your site are attach on the Approval tab. DO NOT use the currently approved attachments to modify your consent forms. See Section 4: sIRB Study Modifications of this manual about submitting site-specific modifications.
Section 4: sIRB Study Modifications

1. Changes that need to be made to the protocol or other study-wide information should be submitted as a modification to the project application by the lead site. You will need to contact the Lead Site PI to make these types of changes if they are needed.

2. Once the modification of the project application is approved, modifications will be automatically generated for each site and approved. Sites will be notified of the modifications and will need to log in to myIRB to obtain any updated documents.

3. Sites are permitted to make limited site-specific modifications on their own such as updates to their planned recruitment methods or contact information in the consent form.
4.1: Submitting a Modification

1. Locate your study by logging in to myIRB and clicking on myProjects.

2. Click on the All Projects and then click on the blue link with the IRB ID #. This will take you to the Project Summary page.

3. Click on Modification/ Update Form on the Summary page.
4. A copy of your currently approved application is created. Use the links to navigate to the appropriate sections of the application and make the required updates.

5. To update attachments, navigate to the **Attachments** page by clicking the blue **IRB Application** link the middle of the page shown above and then click the blue **Attachments** button.
6. When you get to the Attachments page, DO NOT CLICK EDIT! Click on the blue link with the name of the document you want to edit first and save a copy to your computer. Make the appropriate edits using TRACKED CHANGES.

7. Once you have the edited document, click the blue EDIT link next to that document.

8. Scroll down to the bottom of the page, Browse and find the document and click the Upload Attachment button.
9. Once you have completed your changes, click on the Review and Submit button.

10. The PI and their delegates will receive a notification email from [myIRB@wusm.wustl.edu](mailto:myIRB@wusm.wustl.edu) when the modification has been approved by the WU IRB.
Section 5: sIRB Continuing Review Submission

5.1: Submitting a Continuing Review

Do NOT start a continuing review form for your site until the Lead PI has started the Project CR.

1. You will receive an email from myIRB telling you that you need to log in and complete your Site Continuing Review form.

2. Go to the PI’s Inbox and click on the file folder icon under the **Todo** heading.
3. Click **on CR.1 Project Summary** to open the site-specific CR questions and click **Continue/Save** to save your responses and move forward with the site specific CR form. You do not need to attach any documents.

4. When complete, click the **Route form for signatures** button so the PI can sign the form. If this form is routed for signatures by a delegate, the PI will need to sign in to myIRB, click the file folder icon under **To Do** to access the page where they sign the form. Alternatively, the PI may click on the link in the myIRB email notifying them that their signature is required.

5. Once all sites have completed their information, all the forms will be reviewed together and if the CR is approved, you will receive an email from myIRB letting you know this information.

**NOTE: IF YOU DO NOT COMPLETE YOUR SITE’S PORTION OF THE CR, THE FORM MAY BE SUBMITTED WITHOUT YOUR INFORMATION. SHOULD THIS HAPPEN, YOUR SITE WILL BE CLOSED AND WILL HAVE TO STOP CONDUCTING RESEARCH.**
Section 6: sIRB Reportable Events

Sites have the ability to, and are required to, submit any events meeting the definition of a Reportable Event to the WU IRB. The WU IRB Reporting Requirements must be followed, and sites may also have reporting requirements they must follow locally. Please see the HRPO website for information about the WU IRB reporting requirements.

6.1: Submitting a Reportable Event

1. After logging in to myIRB, navigate to the myProjects tab and then the All Projects tab. Click on the IRB ID # for the study.

2. From the Create Form section, click on Reportable Event Form.

3. Provide the requested information and use the Continue/Save buttons to move through the sections.

4. Once all the form is complete click the Submit Form button.

Section 7: sIRB Closure Forms
Once a site is closed, the site cannot be re-opened. To re-open a site a new form must be created site fees will be charged.

7.1: Submitting a Closure form

1. After logging in to myIRB, navigate to the myProjects tab and then the All Projects tab. Click on the IRB ID # for the study.

2. From the Create Form section, click on Site Project Closure Form.

3. Read the information and confirm you are ready to close.

4. Provide the requested information and use the Continue/Save buttons to move through the sections.

5. Once all the form is complete click the Submit Form button.
Section 8: Definitions

Reliance Agreement: A written agreement between entities participating in multi-site research. The agreement contains terms that describe what each entity is responsible for in the review, oversight, and conduct of the research including responsibilities related to local requirements, state law, and federal regulations. Previously these were referred to as IAAs or “IRB Authorization Agreements.”

Lead PI: The lead multi-site principal investigator with ultimate responsibility for the conduct and integrity of Research (generally, the initiating principal investigator or funding principal investigator, as applicable). The Lead PI will be responsible for managing the sIRB Project application in myIRB.

Site PI: An investigator(s) responsible for the conduct of the Research at his/her site. The Site PI will be responsible for managing the sIRB Site application for their site in myIRB.

Reviewing IRB: A term used in Reliance Agreements to identify the party to the agreement that acts as the sIRB in providing IRB review for all sites participating in the conduct of the same multi-site protocol.

Reliance Packet: information provided to sites relying on the Washington University IRB. The packet may contain the reliance addendum, template consent form and local context questionnaire. External sites should provide this packet to their local IRB for completion.

Relying Site: A term used in Reliance Agreements to identify the party to the agreement that will rely on an IRB outside of its own entity. This is sometimes termed the Relying Institution or Relying Site or Participating Site.

sIRB Project Application: The myIRB application submitted to the WU IRB for approval of the overall project. Often known as a parent application. This application will include approval of the protocol, template consent, questionnaires, and any study wide recruitment materials.

sIRB Site Application: The myIRB application submitted to the WU IRB for approval the site to conduct the research. Often known as a child application. This application will include approval of the site specific consent form and any site specific recruitment or data collection materials.
Section 9: Frequently Asked Questions

I don’t remember my HRPO ID and/or password. What do I do?

See section 2.2, Number 3.

How does the PI “sign” a form?

See section 3.2, Numbers 6-8.

How do I find a draft form in myIRB?

See section 3.2, Number 5.

When should I work on my local IRB application?

WU sIRB recommends that you work on the local IRB submission and the Site Application simultaneously after the project level application has been approved. This is when sites will have access to project-level approved documents.
