

# Club NF Cooking School!

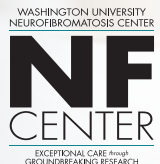

The Washington University NF Center and St. Louis Children's Hospital invite you to attend our upcoming Club NF event, a **FREE** therapy and educational program for children with NF1.

Join us on Saturday, June 2<sup>nd</sup>, at Schnucks Cooking School, for a cooking event featuring food preparation education and cooking activities. These activities will target and promote development of the following skills often delayed in children with NF1:

- Fine motor skills including handwriting, tying shoes, getting dressed and organizing a school binder
- Executive function skills such as following multiple step directions, and finishing homework and school projects
- Social skills to enable your child to speak in a group, initiate conversation, make eye contact and boost confidence

View additional event information and register at [nfcenter.wustl.edu/events](http://nfcenter.wustl.edu/events)
