## GENERAL INFORMATION

### Mission Statement

The Green to Gold (G2G) Active Duty Option (ADO) Program is a 21 month program that provides eligible Regular Army (RA) Enlisted Soldiers an opportunity to complete their first Baccalaureate degree or their first Masters degree. Upon the successful completion of their degree program the Soldier is commissioned as an Officer in the RA. Soldiers are boarded and selected based on the Cadet Command Scholar/Athlete/Leader model. (SAL)

### What makes a Green to Gold applicant competitive as it relates to the SAL concept:

#### Scholar

- High Composite Grade Point Average (CGPA)
  - o CGPA is calculated by the Green to Gold Team in accordance with Green to Gold guidelines
- Academic rigor relative to majors/classes taken versus grades received
- Attendance and performance at military schools
- Honor Graduate at military schools
- Other academic awards or honors

#### Athlete

- ACFT score
- Participation in sporting activities in the community, i.e. community runs, biking, hiking, fitness competitions etc.
- Participation in unit or post athletic teams
- Sports played in high school and/or college

#### Leader

- Leadership positions held in the military, school/college, or the community
- Mentor/coach for youth activities or sports
- Attendance and performance at military leadership training
- Honor graduate at military leadership training

**Note:** Applicants enter the program as academic Juniors or Graduate students. They retain all benefits, base pay, allowances, and promotional status until commissioning. Tuition assistance is not authorized.

Current law (10 USC 2106(c)) does not allow any of his/her accrued time as a Cadet participant in the SROTC to count towards RA 20-year retirement eligibility/benefits and/or RC retirement eligibility points. In addition, G2G ADO Soldiers must agree that as ROTC participants, they are not members of the Selected Reserve. Consequently, once a G2G ADO Soldier is commissioned, the time spent in the Advanced Course phase of SROTC (MSL III and MSL IV instruction) will not be included, for any purpose, in service computations made after the Soldier accepts an appointment (for example, it may not be used to compute either time in service for pay purposes, or in computing years of service for retirement).

#### Phases:

The Green to Gold Active Duty Option application process consists of two phases, as shown below.

**Phase One** (The Application Phase): This phase consists of creating an online application, submission of board required documents, scheduling of Medical Examination, verifying board eligibility, and packet review by the selection board. Online applications are created using the "Create Account link at the website.

[Green to Gold \(army.mil\)](http://green.togold.army.mil)

It is recommended that the applicant use a personal email address as their username when creating the account. It is also recommended that applicants use a personal computer on a personal network when creating the account and accessing the Green to Gold Application System. The security features in government computer systems and networks many times cause access issues when trying to create and work in this application via a government

computer and/or network. The applicant may also need to try more than one browser depending on their own computer, network, and browser settings.

**Phase Two** (The Selection Phase): Selected Soldiers must be administratively and medically qualified prior to awarding of an Offer Letter. To become administratively qualified the applicant must ensure all required documents (to include all administrative waivers) are uploaded to the application portal. To be medically qualified the applicant must be cleared by the Department of Defense Medical Evaluations Review Board (DoDMERB), there are no exceptions. In addition, all applicants must be screened by Human Resources Command (HRC) to ensure they are fully eligible to be placed on assignment. This includes AEA/restriction codes and MRC Codes, Exceptional Family Member Program and Joint Domicile requirements (if applicable) a valid clearance, and 48 months retention from the start date of their school. Soldiers may not be flagged.

### **Board Process**

The board process consists of Professors of Military Science (PMS) and two Senior Enlisted Advisors who review all completed applications. Selections are based on the Scholar, Athlete, Leader, (SAL) concept as described on page 3 above. Once the selection process is completed selections are made. HRC will publish a MILPER Message listing those Soldiers selected to advance to Phase Two.

### **Offer Letter**

The Offer Letter is generated upon fulfilling all Phase 2 requirements. The applicant's file receives final verification to ensure all requirements have been completed. The Offer Letter will be sent to the applicant's Company level Commander through email. Upon receipt of the Offer Letter the applicant must accept or decline the offer and return the signed Letter of Intent (LOI). Once the Offer Letter has been generated the Soldier's name will be sent to HRC to be placed on assignment. Once this step is completed PCS orders will follow through normal channels approximately 90 days prior to school start date.

### **Obligation**

Applicants meeting all requirements and entering the program will incur an 8-year service obligation upon commissioning. This will be fulfilled by serving in the Regular Army for a minimum of 3 years followed by 5 years of service in the Army in either an Active Duty or Army Reserve status.

### **Waiver Process**

All Cadet Command required administrative waivers will be submitted according to current Cadet Command Policy Guidelines as determined by the Commanding General, USACC. It is the Soldier's responsibility to upload any required 4187's and accompanying documentation. No waivers will be processed without a completed 104R.

Any Soldier requiring an HRC directed Time in Service (TIS) or Training Service Obligation (TSO) waiver must follow the instructions in the online application, and have a Personnel Action Request (PAR) completed by their unit and approved by Force Alignment and Development Division, HRC.

### **Tuition**

Applicants are responsible for their educational expenses, e.g., tuition, books, and fees. They may receive any portion of the GI Bill benefits they have earned since entering the military. However, IAW Department of Defense Directive 1322.8, Soldiers selected to participate in this program are not eligible to use tuition assistance.

**NOTE:** GI Bill payments for RA Soldiers on active duty may have limitations; therefore, it is important to contact the Department of Veterans Affairs for specific entitlements. For information regarding eligibility for GI Bill contact your installation's Education Center or visit the Department of Veterans Affairs website at <http://www.va.gov> or call 1-888-442-4551. It is the applicant's responsibility to ensure he/she fully understands all benefits before making any decision.

### **Class Attendance**

Applicant must be enrolled as a full-time student, taking a minimum of 12 semester hours for Bachelor degree and 9 hours for masters degree students. 50% of scheduled classes must be taken in a traditional classroom environment. There are no exceptions to the 50% requirement per AR 145-1.

## **Counterpart**

For questions or assistance in completing the application contact the ROTC Program located nearest your Military installation. These “Counterpart Programs” are listed on page 10 of this handbook. Soldiers stationed outside the United States are also assigned a Counterpart Program staffed specifically to assist them.

## **Assignment**

If there are no US Military Facilities where the applicant resides, the examination may be accomplished by a civilian physician at the applicant’s own expense. The examination results must be in English.

Applicants should print and complete the attached forms from this link:

NOTE: The physical type or reason should reflect “ADEP.”

**Applicants are advised to frequently monitor their account for updates and requests for additional medical information (AMI). It is the applicant’s responsibility to provide all required medical documents in a timely manner.**

**Phase 2 Requirements for Soldiers Selected and Identified on the MILPER Message:**

**1. USACC FORM 104-R:** During Phase 2 this form must be completed by the university’s ROTC Program, verified, and signed by both the Soldier, the school registrar’s office, and the PMS. The PMS or his/her representative will assist applicants in the completion of this form. Soldiers selected to participate in the program must attend the institution that provides the USACC Form 104-R which mirrors the offer letter. If hand signed the all signatory name must be printed and legible.

**2. PMS Letter:** The letter must verify acceptance to the university, acceptance into the ROTC program, academic status, and school start date. The template is in the application portal and is the only acceptable form.

**3. WAIVERS:** Copy of waivers and/or waiver requests, as applicable. All waivers which require a DA Form 4187 must be submitted on a fillable DA 4187 and must be digitally signed. NOTE: Although waivers are not required until Phase 2 it is recommended to submit Civil Conviction Waivers ASAP. All required waivers must be uploaded by the Soldier into the online application. See above for TIS and TSO waiver requirements.

## **Civil Conviction Waivers:**

The waiver request along with any supporting documents must be submitted along with the proper endorsement or approval with the application. Include a complete written affidavit with the description of the offense, to include all circumstances leading up to arrest and conviction and complete sentence imposed, witnessed by a commissioned officer, or notary public. In addition, submit a copy of the court record which indicated the charge, plea, and/or findings, as well as the sentence imposed and the record showing satisfaction of the sentence (when court records are not available, this fact must be established by correspondence from the court). This includes any probation or court ordered supervision requirements.

**NOTE:** Any offenses that occurred and were waived prior to initial entrance to the military may be granted an exception to the waiver requirement. The Soldier must upload the initial enlistment DD Form 1966 which verifies any required waivers were granted. In addition, the Soldier must provide a personal affidavit signed by a commissioned officer or notary public listing all charges and disposition, regardless of when the offenses occurred. The remarks section of the DD Form 1966 must clearly state that a moral waiver was approved by the responsible U.S. Army Recruiting Battalion. All listed charges must have occurred prior to entry onto active duty. Charges which did not require a waiver, or which are listed as a "suitability review" are not considered to have been waived and will require a civil conviction waiver by Cadet Command.

**DEFERMENT:** If an applicant selected for Phase 2 is not fully qualified (Medically/Administratively) by 01 JUL of the cycle year that Soldier must notify their processor and request a one-year deferral until following Fall Semester (Deferment to Spring Semesters are not allowed). Deferrals are not automatic and will be reviewed on a case-by-case basis. A Soldier's failure to provide non-medical related documents or to not respond timely to medical information requests is not necessarily a reason for a deferral.
