

Dining Services is committed to maintaining stocked shelves at our Marts and plentiful stations at all dining locations.

To ensure this:

- We have increased our inventory order of food items from our current vendors and we are adding new vendors to ensure that items are well-stocked with back-up inventory.
- Due to current supply chain shortages, we are supplementing the lack of product from Coke and Frito Lay with local vendors including Fitz's, Herr's, and Fox River Dairy.
- A variety of over 20 new food items will be stocked in Paws & Go.
- Our team will continue to restock shelves on a daily basis and monitoring inventory throughout the day.

To report concerns regarding these action items, please request to speak to a manager on duty and email Dining Services at [diningservices@wustl.edu](mailto:diningservices@wustl.edu).
