

Washington University Psychiatry

Mental Health Services for Employees and Families

Washington University Psychiatry now offers dedicated access for Washington University health plan participants. As part of your WUDirect benefit, these physicians are available to see new patients within two weeks for a reduced co-pay.

WE SPECIALIZE IN:

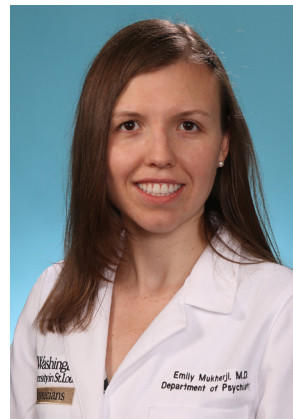

- Anxiety disorders
- Depression and mood disorders
- Schizophrenia and psychotic disorders
- ADHD and impulse control disorders
- Psychopharmacology
- Child and adolescent psychiatry
- Transitional/college age patients
- Women's health pre/post-partum
