

Induction of Labor Instructions

- Call Labor and Delivery at Missouri Baptist Medical Center at 314-996-7514 one hour before your scheduled time of induction. Unfortunately, there are times when your induction may be postponed if the hospital is full of laboring patients already. This doesn't happen often, but be aware it can occur.
- Arrive at your scheduled time in Building D on the 3rd floor
- You may eat and drink up until you leave for the hospital. Be sure to eat light since many become nauseated during labor.
