

Blue Skies & Beyond

HOT TOPICS IN STEM DISCUSSION SERIES

Let's talk! Join us for a monthly discussion series on STEM topics!

Inquisitive?

Like good conversation?

Love science and reading?

Blue Skies & Beyond is just the thing for you!

FREE and open to all middle and high school science and engineering teachers, PLTW teachers, and others that are curious.

- Learn about the latest and greatest advances in STEM from Washington University faculty members
- Take advantage of this unique opportunity to engage on a variety of contemporary STEM topics
- Meet and connect with other educators

#blueskiesandbeyond

2nd Wednesday of the month

4:30 - 6:00

mySci Resource Center

6601 Vernon Avenue, St. Louis MO 63130

free parking, wine and snacks served

Questions? schoolpartnership@wustl.edu

FALL 2019 SERIES

September 11

Michael Wysession

Professor of Earth and Planetary Sciences,
Executive Director, Teaching Center

How volcano eruptions, climate change and the deadliest historic pandemics are all connected

October 9

Timothy Wencewicz

Assistant Professor of Chemistry

How cells eat food

November 13

Amit Pathak

Associate Professor of Mechanical Engineering
and Materials Science

Mechanobiology – when our cells respond to forces

December 11

Erik Herzog

Professor of Biology and Neuroscience

Why do teens sleep in?

Each meeting a lucky attendee will win a great raffle prize!

LET US KNOW YOU'RE COMING!
