

Recruitment for Treatment Study for Smell Loss

Persistent loss or change of smell after COVID-19 is no fun. Research subjects sought for medicine treatment. Participation for this study can be done from home!

You may be able to participate if:

- You have persistent COVID-related smell loss or smell change
- You are an adult living in Missouri or Illinois
- You have computer access and an email address

This study involves:

- Up to 18 weeks of medical treatment
- Associated surveys on smell function

To participate, please email us at otooutcomes@wustl.edu with the subject line 'GRACE Study'

FOR ANY QUESTIONS

Please contact Dr. Jay F. Piccirillo at 314-362-9475,
email ashna@wustl.edu, or visit otooutcomes.wustl.edu
