

College of Architecture

Sample Curriculum

Classes of 2024–2026

Bachelor of Science (BS)

	FALL	SPRING
1	Intro to Design Processes I 4.5 Practices I 1 Calculus I* or Arch: HUM 3 Western Art History 3 Writing I or Arch: SSC 3 Total 14.5	Intro to Design Processes II 4.5 Practices II 1 Calculus I* or Arch: HUM 3 Modern Art History 3 Writing I or Arch: SSC 3 Total 14.5
2	Architectural Design I 6 Architectural History I 3 Physics** 3 Elective 3 Total 15	Architectural Design II 6 Architectural History II 3 3 Electives 9 Total 18
3	Architectural Design III 6 Building Systems 3 Architecture Elective (300+) 3 Elective 3 Total 15	Architectural Design IV 6 History / Theory Research & Writing Elective 3 Architecture Elective (300+) 3 Elective 3 Total 15
4	Architectural Design VI Structures I 6 Structures I 3 Environmental Systems 3 Elective 3 Total 15	Architectural Design VI Structures II 6 Structures II 3 2 Electives 6 Total 15
Total	122	122

NOTES

Courses in **bold** are required courses for the Architecture Major.

Courses not in bold are General Education requirements. Arch: HUM and Arch: SSC are distribution requirements in Humanities (HUM) and Social & Behavioral Sciences (SSC).

**Calculus I (Math 131)* should be taken your first year unless you place out of it based on your AP or IB exam score.

***Physics 191* should be taken the first semester of your sophomore year unless you place out of it based on your AP exam score.

The highlighted semesters indicate when Architecture majors may study abroad in Florence, Italy. Students intending to do this should consult with their academic advisor and see the "Sample Curriculum including Semester Study Abroad" to plan their junior year accordingly.
