

Combined Interesting Case Conference Video Review Process

Purpose: To show a snapshot of a level 1 video to be used as an educational tool for both EM and Trauma.

Time: Combined clinical conference is 1st Tuesday of the month at 10am

Process of requesting video:

- Request should be made to Trauma Services (contact information below) as soon as possible after the trauma or as soon as reviewed in the weekly video review meeting so video can be saved.
- Video is to remain in Trauma Services possession at all times.
- As soon as the video is viewed the clip will be deleted off any media devices, etc. If it is determined the video should be used again at an educational event, the video can be saved on the video software program that is housed in the Trauma Services office for later viewing.
