Sukkah Campus Walk

Last week we seized the opportunity to visit Sukkah City on campus, where the Big Bears explored and interacted with ten different Sukkahs, built by architects and designers from around the nation. Structures were engineered from wood, plastic, bamboo, just to name a few of the materials.

Areas of Classroom Exploration:

Art Area, Writing Area, Science Area, Manipulative Area,
Housekeeping Area, Reading Area, Blocks & Building
Area, Sensory Table & Easel

*Ask your Big Bear which classroom areas they visited today.

Singing and performing "Five Little Pumpkins" as a class

Words to Five Little Pumpkins...

Five little pumpkins sitting on a gate.

The first one said, "Oh my it's getting late!"

The second one said, "There are witches in the air."

The third one said, "But we don't care."

The fourth one said, "It's time for some fun!"

The fifth one said, "Let's run, and run, and run.

Woo went the wind, and out went the light and the five little pumpkins roollled out of sight.
