# Sun Bears

Washington University Nursery School

## Sun Bears LOVE Spring!

With the arrival of spring, our Sun Bear class has been enjoying snack outside, playground time, the water trough, spring flowers, and taking walks on the campus. What fun to enjoy nature and our friends!

### Save the Date!

**Conferences**  
4/16-17

No School for students. We look forward to seeing you to discuss your amazing children!

**Moms Day**  
5/8

Calling all moms, grandmothers, and special friends! Please join us for a special day!

**Last Day**  
5/14

Happy Summer!  
We are going to miss our Sun Bears!

# A Camping We Will Go....

This past week talked about camping  
In the great outdoors!

We transformed our Sun Bear classroom into a cozy campsite. Complete with a real tent, sleeping bags, and a “camp fire,” we enjoyed pretending to camp, fish, and sleep in the great outdoors. Using a large sensory tub, we create a lake with sticks, frogs, worms, fish, lily pads and green water. Using different painting tools for texture, we made a giant pine tree with pinecones that we found around campus. We ended our unit with yummy “indoor s’mores.”

Our Campfire

## Spring Planting

To celebrate spring, we learned all about what is happening outside during this beautiful season. We created a variety of lovely flowers with paint, handprints, recycled materials, etc. We have been monitoring the progress of the grass we planted. It is really growing! We are making sure it has plenty of water and sunlight.
