MOTHER'S DAY CELEBRATION

We greatly appreciate all of you coming to join us for our Mother's Day celebration. It was an impressive turnout in our Panda Bear classroom. It is always enjoyable to visit and converse with parents and other family members. Many families invited grandparents, aunts, and uncles. **WOW!** We cherish these special days that support your child and school community.

IN THE MORNING AND
AFTERNOON!!! WOW!!

PARENT SURVEYS

OUTDOOR FUN WITH WATER

The last day of school is coming fast. The year has moved at such an incredibly fast pace that it is hard to believe. There has been so much going on these last couple of weeks. The water is on in the trough for the children's enjoyment. You may have noticed that your child is coming home wet and messy. Rest assured, everyone has loved the water play!

Thank you for completing your parent/child surveys. It provides a helpful assessment for your experiences at school. Your comments provide ideas for our team to make important decisions about how to best support children's development and learning.

THOUGHTS AND REFLECTIONS ON THE YEAR

Your children have been busy developing their cognitive and social skills over the course of these short 9 months. All of them have matured a great deal! We have loved being part of their lives and gently guiding them along the way. Thank you, parents, for all of the support you have given to us and the nursery school. It has certainly been a pleasure getting to know all of you!! We look forward to seeing many of you at summer camp and next fall at our school. If you are moving to a new school, please keep in touch. We wish you the very best and will miss you. Again, thank you for sharing your spirited and dynamic children with us! Have a fantastic summer!

With Love,

Marsha and Colleen
