the Teddy Bears

The month of February with its unpredictable weather has kept us indoors. We are anxiously waiting for spring!!! Everyday we sing our “Mr. Sun” song to urge the sun to come out on those cold and cloudy days. The Teddies have been engaged in a variety of activities inside. Dressing up, block building, Lego connecting, and reading a book or two in the Book Area. We have been able to use the Movement room. The room has tunnels, a wooden climber, tents, and mats to tumble and jump on and a ball maze.

The children have enjoyed the sand, pasta, and water at the Sensory Table. The Writing Table is buzzing with Teddies using scissors, pencils, markers, stencils, and stickers. The Art Table often has children waiting to paint or glue. We always make sure that everyone who wants a turn gets one.

Safety Talk with Sergeant Bob

The Teddies had a special visitor, St. Bob, who came to talk about Safety with the children. He talked about strangers, unfamiliar dogs, bike safety and when to call 911. St. Bob passed around his nightstick and handcuffs, and turned on his radio so we could hear a short conversation with the operator.

Coming up:

Spring Break, March 14-18.

Parent Teacher Conferences, April 21 and 22.

Love, *Marbie and Chona*
