

Panda Bears

With only two more days left, we want to thank you for the wonderful year with the Pandas. It has been an amazing year with your children. We have loved watching them with their friends and how they work out issues and compromise with each other. Learning how to follow directions from their classroom teachers as well as all the other teachers has also been part of their growth while at school.

The children have had abundant opportunities to use their imagination at school. They are engaged in different activities in the learning centers of the classroom, in their enrichment classes and while outside. The children show such pride and happiness in when learning and accomplishing many skills including building structures with small manipulatives or creating “master pieces” in the art area and mastering the monkey bars or climbing wall on the playground.

Thank you for your support! We hope you have a wonderful summer! We look forward to seeing you next school year. For those moving to another school, we will miss you. Please come and visit us. We love to see former students and how big they have grown.

Love from **Marsha** and **Chona**
