NURSERY RHYMES

We rehearsed and practiced several fun and familiar nursery rhymes. Humpty Dumpty, Hickory Dickory Dock, Jack and Jill Went Up the Hill and Hey Diddle Diddle. There was drama in acting out the rhyme and musical instruments to play. We made hard boiled eggs to replicate Humpty Dumpty. The children enjoyed peeling and cutting the hard boiled eggs in preparation to eat them.

Classroom Happenings

ANIMAL FUN

We spent a week talking about our animal friends. We enjoyed animal sounds, music, and listened to some interesting stories about animals. We practiced our baking skills in the room. We measured and mixed the ingredients for a special treat of chocolate chip cookies. Yum! That was such a special treat! The children enjoyed bringing their special stuffed animal to class. One of our cherished books is EDDIE AND HIS TEDDY.

OUTDOOR TIME STILL APPRECIATED BY ALL!

We are so lucky to have this wonderful weather hanging around in St. Louis. We are so eager to get outside and enjoy our outdoor time. We have had our water trough running along with caring for our plants and practicing our skills on the bikes and climbers. In January, when the temperatures are plummeting we will appreciate this extra time we had outdoors. Your children benefit immensely from being outdoors. It allows children to develop and create positive social experiences in an outdoor environment.

CURRENT EVENTS

We are talking about PUMPKINS this week and gearing up for HALLOWEEN. We will be doing many Halloween themed activities and trying out some new Halloween recipes! We are moving quickly to a most exciting time in October.

Thank you for sharing your children with us in our Panda Bear classroom.

Hope to see you at our OPEN HOUSE this weekend!
