Important Dates

Feb. 9 – Magic House for WUNS 6-8pm

Feb. 11 – Gallery Night! 7pm Knight Atrium

Feb. 14 – Valentine celebration

Feb. 17 and 20 – No school

“A Trip Around the World”

Our current unit aims to celebrate different customs around the world, especially those reflected in our own diverse Big Bear community. Students are learning geography and animal science, creating different types of art, trying new foods, and hearing fables from all over the world.

Last week we traveled to Africa and are now exploring Asia. Europe and South America await us!

Thank you to all the parents who are coming to class to share lessons with the Big Bears. Visits are enjoyed by all!

The whole WUNS community is excited to see you at the Gallery night and show off beautiful works of art on Saturday, Feb. 11.

How Our Curriculum Supports Children's Development:

Focus on writing

In creating an alphabet book, each student is practicing phonology, vocabulary, diligence and self-expression. Each day we work on a page and the students write a letter, word, and create a picture for their book.

Pop Quiz!

We've been selecting fancy words out of a set of flashcards to practice each day. Do you or your Big Bear remember the meaning of...

- Hoity toity
- Discombobulate
- Rapsallion
- Borborygmus
- Skedattle
- Catawampus
- Lollygag
