

## Welcome to 2017!

Sun Bears had a great time transitioning back to the new calendar year: seeing friends again, and playing with art, writing, building and math projects connecting them with the New Year. We made party hats, noisemakers, used scissors, shredded paper and bubble wrap in the sensory table, and stayed warm in the movement room.

## UPCOMING DATES:

1/15/17	NO SCHOOL; MLK HOLIDAY
2/9/17	FAMILY NIGHT AT THE MAGIC HOUSE
2/11/17	GALLERY NIGHT, KNIGHT ATRIUM
2/17 2/20	NO SCHOOL: PROF. DEV. DAY AND PRESIDENT'S DAY

## WELCOME TO OUR NEWEST SUN BEAR!

We extend greetings to our newest Sun Bear, Joonhee Cho, and his family. They arrived recently from Korea, and we welcome them to the WUNS community. Joonhee also attends Bear Tracks in the morning. The children are helping him feel comfortable in this new environment. Joonhee loves art and building and already knows some English words.

Castles: what a great theme this week! Sun Bears built, painted and decorated a castle, created some egg carton dragons to guard it, made crowns and shields, built a variety of castles with different block sets and enjoyed the books, "The Princess and the Pig," and "The Popcorn Dragon." We even air-popped some popcorn for snack and another art project (since we didn't have a dragon blowing hot air in the classroom). Next week: SPACE!

*Until next time,  
Miss Colleen & Miss Katie*
