Development
Day**

4/7

-No School for
students.

Conferences

4/20-21

-No School for
students. We look
forward to seeing
you to discuss your
amazing children!

Cora is making a paper food chain

Food Chain

The Bear Cubs learned about the fabulous food chain. We read a variety of books about the different food chains of animals and plants. Using little cups we glued on different plants and animals and found out who consumed what. Can you think of a food chain in the garden, ocean or wilderness? The Bear Cubs were fascinated by this unit!

Quinn's patterns!

Kaito's Train

SPRING ???

Bear Cubs have witnessed warm sunny days to windy snowy afternoons during the month of March. We enjoyed the warm temperatures outside and explored the movement room when temperatures dropped. Where is your child's favorite place to play?

Bear Cubs LOVE Playground Time!
