**The
chicks
are
here!**

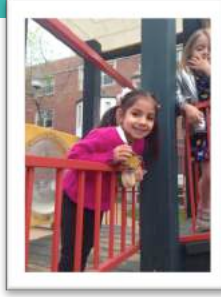

WUNS welcomed some cute feathery friends....18 chicks hatched! After 21 days in the incubator, the baby chicks were ready to crack their shells and pop out. We enjoy playing with these adorable little chicks, watching them grow, and learning about their life cycle.

Peep, peep, peep...

Looking forward to celebrating “*Muffins with Mom*” this Friday, May 5th. The children have been preparing a special gift and songs for their mothers. If this doesn’t work for you, a grandmother, relative or special friend is welcome.

Thank you!
