

JANUARY 2020

TEDDY BEAR NEWS

WASHINGTON UNIVERSITY NURSERY SCHOOL

HAPPY 2020!

Hope you had a wonderful Winter Break with your family and friends! We were excited to see our Teddy Bears back at school in 2020! Looking forward to a fun semester filled with learning, laughter, and love.

Best,
Chona & Katie

FEATURED AUTHOR & ILLUSTRATOR: LEO LIONNI

Last week we read books by Leo Lionni. His books are beautifully illustrated and tell human lessons using stories with animals. We mixed yellow and blue paint to make green. We made a "Wind-up Mouse."

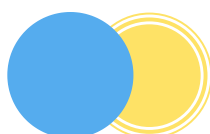

Books included:

[Alexander & the Wind-Up Mouse](#)

[A Color of his Own](#)

[It's Mine](#)

[Little Blue & Little Yellow](#)

NATURE: ANIMAL TAILS

Miss Becky taught us about different animals' tails and how they use them. Some examples include: keeping warm, balance, protection, and even showing off. A opossum's tail is like a hand and can be used to hang and carry food. What kind of tail would you want? Animals are amazing!

Winter Weather

With the beautiful snow, we read winter and snow stories. Our art included painting snowflakes. Using marshmallows dipped in paint, we created winter scenes. We made hedgehogs inspired by the story, *The Mitten* by Jan Brett.

Looking Ahead...

January 20 - No School
Dr. Martin Luther King, Jr. Day

February 6 - WUNS Family Night at
the Magic House from 6 - 8 p.m.

February 13 - Valentines Day
Celebrations

February 14 - No School:
Professional Development Day

February 17 - No School:
Presidents Day
