

TEDDY BEAR NEWS

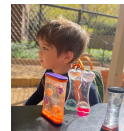

WASHINGTON UNIVERSITY NURSERY SCHOOL

COLORS

This week we talked all about colors! Each day we glued on different colored objects to their matching colors. Putting all of these collages together, we created a beautiful rainbow. At the easel, we painted with red, yellow and orange paint. Miss Christina taught us a color song during Music this week.

SNACK TIME

Snack time is a part of our daily routine. We are learning to patiently wait for everyone to be seated and then eat our snack. "Please" & "Thank You" help us remember to use our manners. Teddy Bears are able to wipe up spills, politely ask for more snack, and clean up after themselves. We are so proud of our Teddy Bears!!!
