

## Paulding County Producer/Landowner Training Session for the 2018-19 Farm Bill

### There's no right or wrong program!

While the new 2018-2022 Farm Bill is a diverse program, producers will see some changes in the sign up for 2018 and 2019. There are so many options – which program should I choose? It truly depends on your farm/landowner's needs.

### Why should I attend?

Small group interaction with the potential for one-on-one assistance with the tools and training options. Ability to forecast your options for the programs. Option to input your own data into the decision tools and sign up for programs at the FSA Office.

### What will be covered in the training?

The basics of all three program options (PLC, ARC-CO, and ARC-IC) Introduction to the Farm Bill calculators or side by side comparison of the three program options. Ability to take comparison handouts to review with landowners/other farm partners. How to update yields for this farm bill.

*(Don't like computers – sit in on the presentation still to hear options; Not enough time – schedule an appointment with Sarah Noggle at the Extension Office)*
