JOIN US FOR A

TWILIGHT OPEN HOUSE

Understanding Controlled Drainage Structures

TUESDAY, AUGUST 4, 2020
6 PM - 8 PM
ACROSS THE ROAD FROM 22348 ROAD 178, OAKWOOD, OH 45873

Join us for this twilight open house learning opportunity. Drop in and stay for as long or as short of a time as you would like. Our event is meant to be flexible. Virtual option available.

COUNTRY EVENING, OLD SIGHTS, NEW EYES

LEARN ABOUT
Ask questions about the basics, funding, installation, maintenance, and control of drainage management structures. Share in farmer Don Johnson's knowledge of these structures as he has used these over the last few years. Share your tips on how one can fully use the structures to manage water on farms. Connect with other farmers who have these practices in place.

SAFETY WILL BE PRACTICED
Explore the outdoor stations at your own pace. Staying one drainage box apart for social distancing and wearing a mask to the event is appreciated. If attending in person is not an option, The Nature Conservancy will offer a virtual option after the event. We are working to keep our communities safe.

WHAT'S NEW
Explore three stations on your own time. While it's an open house, there will be an opportunity for peer discussion among farmers and professionals. Collaborate to answer questions about controlled drainage structures and other conservation practices. CAP Cover Crop Champions will be in attendance.

HEAR UPDATES ON LOCAL FUNDS
Take the time to learn about different types of potential funding including cost share. Availability may vary based on your geographic location or partnership sources.

SIGN UP FOR DOOR PRIZES
Locally sourced door prizes include coolers, local food items, or gift certificates bundled into awesome baskets.

More details about the event can be found on our website at u.osu.edu/pauldingag. To RSVP, contact Anna or Patrick at (419) 399-4771, email paulding@pauldngswcd.org or use the QR Code.
