MedTrack Program Experience

Award-winning, advanced science program designed to help students explore and prepare for careers in healthcare

- Performed 40 hours of clinical observation in Microbiology at Baldwin Wallace University, witnessing Dr. Michael Kovach present lectures and lead young researchers in developing their respective projects, while participating in pre-lab set ups and lab techniques
- Conduct primary public health research and advocate for community interventions via Health Professions Affinity Community program of Northeast Ohio Medical University on the topic of Random Acts of Kindness and the “Pay it Forward” methodology
- Viewed surgical procedures via videoconferencing, including knee replacement and kidney transplant
- Participated in optional weekend Pre-Med Clinic Day offered by Baldwin Wallace University (exposure to adult and fetal cadavers, pig’s feet suturing, and primary care case study)
- Earned the MedTrack Externship Award: Honorable Mention Overall
- Extra Courses: Human Anatomy & Physiology, Medical Terminology, Honors Advanced Science Seminar, Bioethics
