

SPRING

# CAREER FAIR

Presented by the College of Arts and Sciences

## ARE YOU LOOKING FOR A CAREER OR INTERNSHIP?

The Ohio State University Spring Career Fair is an annual job and internship fair held during Spring Semester. The event is open to all current Ohio State students and recent graduates, and provides an opportunity for students to network with employers and learn about internship and career opportunities.

Attending employers recruit across a broad range of disciplines. Employers will be recruiting for business and technical functions such as communications, business analysis, logistics, retail management, general management, graphic design, human resources, marketing, sales, financial planning, and other related areas. In addition there are opportunities for science and technology students in areas such as laboratory based research and development in medical and industrial settings, as well as computer science and engineering roles.

Pre-registration for the Spring Career Fair and exploration of attending employers is encouraged!
