

"CLOVERBUD CAMP"

Join us for the Olympics!

Portage County

4-H Cloverbud

Day Camp

5-8 year old's

What is 4-H?

4-H is a non-formal educational, youth development program offered to individuals age 5 to 19. There are lots of fun things you can learn in 4-H and in a variety of ways. You can participate in 4-H through clubs, camps, your school, and short-term experiences. You can learn about animals, computers, public speaking, cooking, art, gardening, and environmental sciences, just to name a few of the over 200 projects 4-H offers. All 4-H programs focus on active involvement and quality experiences which stimulate lifelong learning of values and skills.

What is a Cloverbud?

The 4-H Cloverbud program is a non-formal educational approach to developing social skills, decision-making abilities, subject matter knowledge, and physical skills of a 5-8 year old. Cloverbuds explore areas of healthy living, environment, citizenship, biology, technology, and expressive arts. The primary goal of the program is to promote children's healthy development - mentally, physically, socially, and emotionally.
