

SPRAY TECHNOLOGY FIELD DAY

THURSDAY, AUGUST 8, 2013 • 5-7 P.M.

Western Agricultural Research Station
7721 South Charleston Pike
South Charleston, OH 45368

Program

Review 2012 air assist sprayer results on pumpkin

Field demonstrations of different nozzle types (flat fan, twin fan, hollow cone) with and without air assist using water sensitive cards

Pumpkin is the target crop, but may apply to other vegetable crops with large complex canopy

Sprayer Calibration Clinic

Immediately following the air assist sprayer results and field demonstrations, a clinic reviewing the proper techniques to perform sprayer calibration will be held.
