

Integrated Pest
Management (IPM)
seasonal summer
scouting jobs from
April 30 to
August 31, 2018.

**THE OHIO STATE
UNIVERSITY**

COLLEGE OF FOOD, AGRICULTURAL,
AND ENVIRONMENTAL SCIENCES

A great opportunity for people with an interest in agronomic crops, tree fruit, small fruit, and/or vegetables.

The position requires some knowledge of and the ability to recognize common weed, insect and plant disease pests. Agricultural or biology background preferred.

On the job training is provided, flexible hours (10-40 hrs. / week) and daily schedule available.

If you enjoy being in an outside environment, are physically able to walk most of the day, and have good observational skills this job is for you!
