

Corn Production Issues

Growing Conditions: ear rots, mycotoxins and malformation

Dr. Peter Thomison, OSU Corn Specialist
Dr. Pierce Paul, OARDC Corn Disease Specialist

Join us January 31 for details about how to assess growing conditions and their impact on ear rots, mycotoxins and malformation in corn. Learn how to recognize ear development problems and minimize the grain quality issues experienced in 2016.

This session will feature Dr. Peter Thomison, Corn Production Specialist, OSU Extension and Dr. Pierce Paul, Corn and Wheat Disease Specialist, Ohio Agricultural Research and Development Center.

CCA Credits will be available.

TUESDAY, JANUARY 31
7:00 P.M.

Mid-Ohio Energy Cooperative
1210 Lima Street, Kenton, OH 43326

Free and Open to the Public – Please RSVP
419-674-2297

Refreshments Available
