LEVY FACTS

- Issue 6 is a .35 mil levy that generates approximately \$192,000 a year for 5 years beginning in 2020.
- Because of this local share, over \$200,000 is returned to our county in matching state, federal and grant dollars.
- Without local dollars, the state and federal dollars are not provided to support OSU Extension.
- Grants have allowed for expanded programming and increased in staffing from 5 to 8 people with no additional cost to tax payers.
- 4-H, Agricultural & Natural Resources, Family Consumer Science, and SNAP Education programming are supported by the levy.
- This is a renewal levy and will continue the levy that expires in December of 2019.
- If the levy does not pass, then all OSU Extension and 4-H programming will cease in Hardin County in 2020.
