Agriculture Conservation, Protecting Water: Keeping Soil and Nutrients in the Field

The Hardin Soil and Water Conservation District (SWCD), Natural Resources Conservation Service (NRCS), The Nature Conservancy (TNC), John Deere, and OSU Extension have teamed up to plan an Agriculture Conservation, Protecting Water: Keeping Soil and Nutrients in the Field event on Friday, September 18th, 2015. Registration is from 8:00-8:30 a.m. at Jerry McBride's farm located at 11312 CR 60, Dola.

Wagons will depart at 8:40 a.m. to travel to concurrent sessions at various locations and will cover topics such as Nutrient Management presented by Glen Arnold, OSUE; Soil Health, Soil Pit and Smoking Tile Demo presented by Frank Gibbs; Update on SB1 and SB150 Legislation presented by Sam Custer, OSUE; demonstration of John Deere's 2510H retrofitted for injection of phosphorus presented by Justin Leader, John Deere; Drainage Water Management presented by Nathan Utt, Ecosystem Services Exchange; Two-Stage Ditches presented by Jon Witter, OSU-ATI and Lauren Lindemann, TNC; Tile and Phosphorus Research presented by Kevin King, USDA-ARS and Cover Crop Plots presented by Jamie Scott, Farmer/Owner of Scott's Cover Crop Seeds.

CCA credits are being offered. The free event is scheduled to end with a complimentary lunch. Please RSVP by September 10th by contacting the Hardin SWCD at 419-673-0456, ext. 3.

If you have any questions, please contact the Hardin SWCD.
