**To: Friends of Hardin Co.
Agriculture:**

Healthy communities do not happen by accident. They are built by people who are actively working to improve their community. Hardin County leads in Ag sales (\$272,452,000) of corn bushels and hogs sold, according to a survey by the USDA. We are one of the biggest players in crop production in Ohio. Please join us in pledging to the United Way of Hardin County.

Thank you,
