September 9, 2014 Registration is at 8:30 A.M. and the field day starts at 8:45 A.M. and ends at 3:00 P.M.

Ohio State University,
Farm Science Review Molly Caren Agricultural Center
135 SR 38NE, London, OH

For the event: enter from US 40 just east of the exhibit area

To register: <http://go.osu.edu/FSRCCA>

- What are your neighbors thinking about GMOs? **Jennifer Coleman, Ohio Soybean Council**
- What does the new "Phosphorus" law mean to your business? Greg LaBarge, will also discuss placement and timing of fertilizers.
- Have you seen this weed? No actually this time it's Giant ragweed. **Mark Loux**, will discuss current problems and expectations for the future
- **Stink bugs, stink bugs** - managing late season insects. Andy Michel, should you be spraying your soybeans at R5?
- You have got to be kidding me with these fungicide applications! **Anne Dorrance** on yield impacts of soybean diseases.

A late summer update for agronomists and those advising growers on their crop production: For the Advanced CCA or those planning to Become a CCA. Open to all experience levels, and non-CCAs.

- **How much N do you really need for corn?** Steve Culman, attacking the other side of the nutrient management problem
- **More leaf diseases than I have ever seen.** Pierce Paul, schemes for control of corn leaf disease.
- It has not been a perfect year – **so what do we expect from corn?** Peter Thomison

- CCA CEU credits will be available.
- The FSR CCA College is sponsored in part by the Ohio Soybean Council.
- The New 2014 Corn, Soybean, Wheat, and Alfalfa Field Guide will be available for sale during the field day.
