

Pumpkin Field Day

Join us for an evening full of pumpkin production, pollinator and pest management topics. Enjoy a wagon ride out to the plots where specialists will present on research and demonstration topics. There will be a chance to hop off the wagon, walk through the plots and see key pests up close. After the talks, interact with the speakers and other growers. Cost is \$5/person and will include handouts and light refreshments. *All participants must pre-register for this event.*

DATE: August 24, 2023

TIME: 5:30–8:00 p.m.

LOCATION: Western Agricultural Research Station
7721 South Charleston Pike
South Charleston, OH 45368
