For Immediate Release – May 23, 2024

Pond Clinic

Hardin County – A Pond Clinic, sponsored by the Hardin Soil and Water Conservation District (SWCD) and OSU Extension, Hardin County will be held on Tuesday, June 11, beginning at 6:30 p.m. Pond owners and prospective pond owners are invited to the clinic being held at the Liberty Conservation Club, 1552 State Route 235, Ada.

Eugene Braig, Program Director, Aquatic Ecosystems from The Ohio State University Extension School of Environmental and Natural Resources will discuss weed management, fish stocking, and how to keep your pond ecosystem in balance so plants and fish co-exist.

This will be a question-and-answer pond clinic. Bring all your pond management questions for the expert to answer.

The program will be held outside so bring your lawn chair and dress for the weather conditions. Light refreshments will be provided by the Hardin SWCD. If you have any questions, please contact the Hardin SWCD or Hardin County OSU Extension.
