Wellness & Quality Improvement Activities at the Health Plan

About the Speaker: Dr. Tasneem Motiwala is an Assistant Professor in the Department of Biomedical Informatics. Her practice-based science focuses on improving healthcare (lower cost & better quality) and the health and well-being of the OSU community (employees and their dependents). Prior to taking on a faculty position in BMI, Dr. Motiwala joined the Department of Biomedical Informatics as a National Library of Medicine Postdoctoral Fellow (CTRIP: Clinical and Translational Research Informatics Training Program) in the department. During her CTRIP fellowship, Dr. Motiwala completed a Masters of Public Health (MPH) degree with Specialization in Biomedical Informatics. More recently she has also obtained a Specialized Masters in Business Analytics from The Fisher College of Business. Prior to joining BMI, Dr. Motiwala had a 13-year career as a research scientist in the Comprehensive Cancer Center at The Ohio State University. Dr. Motiwala has received a B.S. in Microbiology & Biochemistry and a M.S. in Biochemistry from the University of Bombay, India. She received her PhD in Molecular, Cellular & Developmental Biology from The Ohio State University in 2001.
