

**Post-doctoral research Position in Dr. Benjamin Kopp's Lab at Nationwide Children's Hospital, Center for Microbial Pathogenesis.**

**Expected Hire Date:** (ASAP, funding allocated).

**Required qualifications:** Position is open to applicants with an MD, Ph.D, or equivalent. Experience in cell culture and flow cytometry is recommended.

**Job description:** Seeking a talented post-doc to conduct scientific investigations to study NIH-funded host-pathogen interactions in children with cystic fibrosis (CF). Applicant will benefit from a vibrant community of CF researchers at Nationwide and Ohio State as part of the Cure CF Columbus Research and Development Program (C3 RDP), supported by the C3 Immune Core directed by Dr. Kopp. Opportunities for training in other chronic lung diseases including sickle cell.
