

Wednesday, November 8th, 2017

Sarah and Keri have been working together to improve recruitment week. As of now, some prospective students will leave on Friday night and others will leave Saturday morning. For the students who will be at OSU on Friday night, we will plan an optional event for them to attend. We are thinking a board game night, bowling, or something similar. Once we have all the information about how many students will be around, the details will be finalized.

Fundraising- T-shirts are available for preorder and will be between \$12-15 if we stick to the basic shirt fabric. Sarah and Liz are working on a flyer that will display the shirt design and information about our fundraiser. Liz will also send on an email with more information on how to order the shirts.

Professional development- The business card workshop was a success! Kyle is looking forward to planning for events for the spring semester. Also, an etiquette dinner will take place this Monday, November 13th for anyone interested in learning the proper way to eat during an interview. Registration is required.

Social- The winter semi-formal will be on Friday, December 8th from 8pm-12am at Callahan's. This event is FREE! Each NGP student is allowed to bring one guest. Appetizers will be provided and each guest will receive one drink ticket. Thanks Kathryn and other members of the social committee for planning this fun event! There will be no December happy hour due to the formal.

Website- Sarah continues to update the NGSO website to keep everyone up to date on NGP events.

Thanks to everyone for all their hard work! The next meeting will be December 6th right after seminar.
