

# Licking County Farm Tour

Saturday, July 13, 2019 8:00 a.m.-1:00 p.m.

Licking County Farm Bureau, in partnership with Licking County OSU Extension and Licking County Soil and Water Conservation District, is hosting a Summer Farm Tour.

The farm tour will be held July 13, 2019 starting out from Lynd Fruit Farm, 9090 Morse Road at 8 a.m. From there, participants will board buses and visit the three separate farms listed below. Buses will return to Lynd Fruit Farm for lunch.

## What can I expect to see and learn:

### Legends Lane Reproductive Services

- State of the art Monoslope cattle barn designed around animal comfort. This design lets nature warm the barn in the winter and cool the barn in the summer
- Cattle working facility that has been designed to maintain safety for both cattle & handlers
- Wide variety of cattle
- Top quality laboratory for performing embryo transfer and In Vitro Fertilization.
- Unique repurposing of a facility that was previously a golf course

### Lynd Fruit Farm and Blue Frog Farm

- Locally grown fruit production
- Wide variety of fruit trees berries
- State of the art methods of growing fruit
- Research behind new apple varieties
- Prairie areas to maintain pollinators

### South Fork Dairy

- Multiple breeds of cows including Montbeliarde, Holstein, and Jersey
- Largest cross ventilation barn in Ohio - designed for cow comfort
- Feeding and manure handling systems designed to keep animals clean and healthy
- Milking parlor capable of handling 64 cows at a time
- Milk storage designed to maintain the highest quality

Cost for Farm Bureau members is \$10 and non-members are \$15. **Seating is limited and early reservations are encouraged.** Please call 740-452-2356 to reserve your seat. Payment is due at the time of reservation.
