

Ohio Beef Cow/Calf Workshop - Optimizing Herd Reproduction and Genetics

Reproduction and genetics are important factors for a cow-calf operation. The long-term investment of genetics plays a critical role in the development and management to ensure longevity within a herd. Join OSU Extension in Licking County to discuss and demonstrate the practices that you might apply on your farm to improve your operation with regards to optimizing reproduction and genetics.

Friday, March 8, 2024, 9:00 am - 2:30 pm, Claylick Run Farm 11970 Cross Rd., Newark, OH, 43056

Cost: \$10 per person. RSVP to OSU Extension Licking County at 740-670-5315 by March 4, 2024.
