Changes for 2024 Sale

Rabbits: If an exhibitor only shows rabbits, and no other species, they are only going through the sale one time. Exhibitors that have two rabbit projects are selling those two projects as one auction item. Your single bid buys both projects.

Example: Your bid is \$500, that would equate to \$250 for each project for that one exhibitor. (You are not paying \$500 twice!)

If an exhibitor only has one rabbit project and no other projects to sell, those items are grouped together and marked accordingly. (See page 36)

If an exhibitor has rabbits and another species, they are still going through the sale two times – once for each species. Those exhibitors will be the last group of rabbit exhibitors to sell and are marked accordingly. (See pages 36-37)

We realize that reducing an exhibitor to one time through the ring limits who may purchase that exhibitor's projects. If you would like to increase a bid for an exhibitor's project, please see our crew at the registration table. A bid increase to our live sale is recorded differently in our software than an add-on. Please notify us as soon as possible after the sale of the item to get this keyed into our system.

The fair board and auction committee hope these changes will improve your experience and reduce the length of time of our sale. If you have any questions, please do not hesitate to ask a committee member at the registration table.

Thank you for supporting our Jr. Fair Exhibitors!
