

RTI^{AG}

AZOS Blue

Nitrogen Fixing Bacteria

For Agricultural and Horticultural Applications

Contains the following species of Azotrophic Bacteria

Azospirillum brasilense1x10⁸ CFU*

inert Carrier..... 99%

*(Colony Forming Units)

Directions for use:

Apply only after soil temperature in the top two inches (5 cm) are above 65oF (18 c).

Spray Application: Apply at a rate of 12 ounces per acre (0.80kg per ha) or 1 ounce per 3,630 sq. ft. May be mixed with other organic fertilizers or plant biostimulants. Not recommended for tank mixes combining fungicides, insecticides or soluble fertilizers with a high salt index. Mix contents of the package into 15 to 50 gallons and apply evenly to a one acre area.

Irrigation: May be applied by overhead or drip irrigation at the recommended rate of 12 ounces per acre.

Caution: Store contents in dry conditions. Do not expose to temperatures above 100°F (38°C). Do not allow inoculant to freeze.

State of Claims: RTI certifies that this product contains the micro-organism identified on the label at the cfu (colony forming units) levels stated. The organism(s) are sensitive to environmental conditions and RTI is unable to make any guarantees beyond the above statement.

RTI Ag Azos Blue Liquid

Section 1	Identification
------------------	-----------------------

Trade Name: Azos Blue Liquid
Ingredient Name: Accolade-L Liquid
CAS Number: None
D.O.T. Number: None
Exposure Limits: None

Section 2	Shipping Data
------------------	----------------------

Shipping Name: Not regulated by D.O.T
Hazard Class: None
Reportable Quantity (RQ): None
Placard: None
Placard: None
C.A.S. Numbers: None
D.O.T. Number: None
Hazardous Waste No.: None
EPA Registration No.: None

Section 3	Physical Data
------------------	----------------------

Appearance & Odor: Yellow to Brown Liquid with mild odor
Boiling Points: 216F
Vapor Pressure: Not Known
Water Solubility: Soluble
Freezing Point: 25F
Specific Gravity: 1.0 g/cc
% Volatile by volume: Not Applicable

Section 4	Fire & Explosion
------------------	-----------------------------

Flash Point: Not Applicable
Autoignition Temperatures: Not Applicable
Extinguishing Media: Use suitable media for the surrounding fire
Fire Fighting Procedures: No special requirements
Unusual Fire or Explosion Hazards: None
Flammable Limits: Not Applicable

Section 5	Exposure Controls / Personal Protection
------------------	--

Effects of Over Exposure: None
Eyes: Flush thoroughly with soap and water. Seek medical attention if irritation persists
Skin: Wash thoroughly with soap and water.
Inhalation: Not applicable
Ingestion: No treatment necessary
Personal Protection
Respiratory Protection: None required
Protective Clothing: No special requirements
Eye Protection: No special requirements when used as directed
Exposure Standard: None Established.

For Health Emergencies Call your Local Poison Control Center

Section 6	Precautions for safe handling & Use
------------------	--

If Material is Released or Spilled: Contain spill and dispose. May leave area slippery. Flush with water to wash away slippery residue

Disposal: Apply as fertilizer to field. If product is contaminated, dispose of in an approved landfill disposal facility in accordance with applicable federal, state, provincial or local regulation.

Section 7	Additional Information
------------------	-------------------------------
