"Healthy Families Build Strong Communities!"

8:30 Registration (Coffee and Muffins)

8:50 Introductions

8:55 5 for 5! With Emma and Susan

9:00 Healthy Families Build Strong Communities: The Intersection of Home and Community

Dr. Jacqueline Kirby Wilkins, Professor, The Ohio State University

Dr. Wilkins will highlight the critical interconnectedness and interdependence of Ohio families and the communities in which they live and engage. Healthy families contribute to strong communities and strong communities help families thrive. The success of one is highly dependent on the health and well-being of the other. FCS is a foundational partner in this formula for success.

10:00 Break

10:10 Learning the Lingo: Vital Conditions for Strong Communities

Emilee Drerup, MPH, CHES Program Director, Extension Public Health AmeriCorps

Patrice Powers-Barker, CFLE, Extension Educator, Family and Consumer Sciences

Vital Conditions offers a framework for where life, work, community, and health intersect. Don't let the term "health equity" make you think that it's only related to health careers. Whether you focus on education, health, economic opportunities, or environmental stewardship, Vital Conditions is for all community members.
